

Chippewa River District Library System

In 1998, the Chippewa River District Library system was established. The district area encompasses the City of Mt. Pleasant, the Mt. Pleasant Public School System and Union Township. Two trustees are appointed by each of the public agencies comprising the Chippewa River District Library system. The Chippewa River District Library is funded by a millage levied in the district area. The millage was renewed for another 10 years in 2008. A contract between CRDL and Isabella County provides library service to out-of-district residents. The board of trustees, as representatives of the library's service area, constitute the body which is officially responsible for the operation of the library.

The district area includes Veterans Memorial Library in Mt. Pleasant and Faith Johnston Memorial Library in Rosebush. It is through the contract with Isabella County that the district library operates four additional branches; Coe Township Library in Shepherd, Fremont Township Library in Winn, Rolland Township Library in Blanchard, and Weidman Public Library in Weidman.

In-District Pop.: 43,220
Out-District Pop.: 20,503
Total Service Pop.: 63,723

Very Rough drawing of CRDL boundaries

-  In-District Library locations (approximation)
-  Out-District Library locations (approximation)
